I CAN DO THAT!

Our mission is to foster empowered, flourishing youth through sustained community, wellness, and the power of the performing arts.

About Us

ICDT! was founded in 2016. We renovated and moved to our beautiful Performing Arts Center in March of 2021 and now work with over 1,300 students every year!

We are passionate about offering stellar training in acting, singing, & dancing for students ages 4-18, with an emphasis on building confidence, community, and connection in our youth. We have year round opportunities to be a part of Musical Theatre Productions as well as a wide range of classes such as Improv, Music and Movement, Acting and Scene Study, and Broadway Dance just to name a few.

We Believe In The Power Of

BELONGING: We all need a place to be valued, accepted, and celebrated.

LEARNING: All things are possible through curiosity, determination, and creative expression.

CONNECTING: Life is made rich by nourishing our relationships with ourself, our peers, and our community.

Our Promises

- You will be challenged
- You will be accepted, supported, and loved
- You will learn and be expanded
- You will explore your creativity
- You will be surrounded by an optimistic worldview
- You will become more of who you were meant to be
- You will be a part of a vibrant community

I Can Do That!

was founded in 2016 by two childhood best friends from the East Bay with a dream of empowering local youth through the performing arts just as they had experienced as kids. From the start, interest in our programming grew at a rapid rate leading to our initial expansion in 2020 into our existing 6,000 square foot Performing Arts Center. This massive interest has led to hundreds of students on our waiting lists. The rest of our building has now become available and will allow us to offer more programming for all ages to better serve our youth community.

Arts Programming is Disappearing Locally

- The arts are being cut from our local elementary schools
- Youth theatre companies have been closing at an astonishing rate
- 12 schools from Walnut Creek to Livermore have asked us to provide in-school and after-school programming

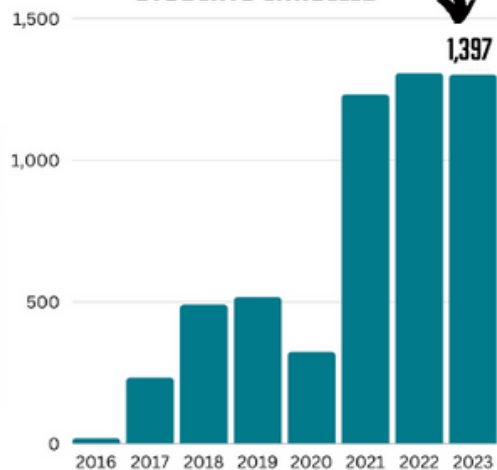

The removal of arts programs from elementary schools can have a profound influence on children, affecting them on both academic and personal levels. Beyond fostering creativity, arts education plays a pivotal role in enhancing cognitive skills, increasing self awareness and confidence, and teaching skills like teamwork, inclusivity, and acceptance.

How ICDT! Makes an Impact

- Our programming provides children with character building skills they need in their formative years
- Parents constantly share how ICDT! has impacted their child's life, and how they feel safe, seen, and empowered
- We are changing the landscape of Downtown Danville, bringing families and the arts to the forefront of our town
- The Town of Danville has stated we are one of their biggest success stories
- Our community continues to rally beside us as they see the immense benefit of local arts programming for children

In Our Community's Words

"It is so rare these days to find mentors/teachers who care for their students as deeply as (ICDT! does). They know each child individually, their strengths and weaknesses, and somehow manage to help each child reach their highest potential. The culture is so supportive and the expectations of the kids are high, but in a good way...What more could you ask for?"

-PARENT OF A 16 YEAR OLD

"We have always hoped that demonstrating to our kids kindness and hard work and dedication to the things that matter are how you define your character and character matters. ICDT! (has) helped to shape our children in ways we know we could not do alone. We feel enormously blessed to be part of the ICDT! community and we are gratified to be able to help you in a small way to continue the mission to provide this amazing opportunity to develop more joyful, dedicated and empathetic people. You improve this community daily."

-PARENT OF A 14 YEAR OLD AND ICDT! GRADUATE

"The joy and confidence theatre has given (our daughter) is moving to watch. She has 3 learning disabilities and it's taken a huge toll on her self image. Now, I see a different child since starting camp. Thank you!"
